Welcome to your Spa Caudalie

Château de Germigney has chosen to collaborate with the prestigious French brand Caudalie, world-renowned for the quality and naturalness of its cosmetics and its expertise in creating exclusive skincare rituals. This association is the result of a promising encounter, based on shared values and family histories, as well as a deep attachment to the terroir and the vine.

Caudalie is a true pioneer of Vinothérapie®, a unique approach combining natural active ingredients derived from vines and grapes. As the undisputed leader in this field, the brand has developed exceptional face and body care protocols, specially designed to meet your needs.

Premier Cru *Global anti-aging*

This exceptional treatment combines the best anti-aging active ingredients to reduce the 8 signs of aging: wrinkles, fine lines, spots, radiance, firmness, elasticity, volume and hydration. Thanks to a ballet of 8 deep, active maneuvers, skin looks visibly younger.

Vinoperfect *Radiance, anti-dark spots*

Ideal for dull skin, this treatment corrects spots and prevents their appearance. The efficacy of Caudalie products concentrated in Viniferine, combined with a massage using hot and cold basalt stones, stimulates the complexion's radiance. The skin regains its luminosity, the face looks fresh and the features rested.

VinoHydra *Hydrating, soothing*

A true bath of hydration, this repairing treatment provides skin with absolute comfort. A gentle massage with fresh grapes and essential oils deeply nourishes the epidermis. Skin is soft, soothed and plumped.

Vinopure *Purifying, anti-blemish*

Specially designed for combination to oily skin, this treatment begins with cleansing followed by purifying sculpting to free the skin of imperfections, tighten pores and refine skin texture. The application of Vinopure products, a powerful combination of a grape polyphenol complex, purifying organic essential oils and natural salicylic acid, brings clarity and freshness to the complexion.
